*"I have to say the crew of the Chamonix II more than met my expectations. The boat was beautiful. I had a group of 100 people and my group had an absolutely wonderful time! Thanks so much for making it happen. Looking forward to next year!"*

Total Revenue Generated

\$9,750

Funds Raised for the Charity

\$2,000

(not including auction items)

Call a representative for a custom proposal to raise funds for your cause.

*“The Chamonix II is one of the most scenic and fun ways for a non-profit organization to raise money. The feedback we received from the participants regarding the cruise, food/beverage and crew was one of absolute delight, excellence and professionalism. It is rare to find someone like Captain Michael McMahon who cares so much about his community and shows it through partnering with non-profit organizations to help those we serve. People are already inquiring as to “When is the next one, because I don’t want to miss it.”*
